

441—155.10(235A) Termination. The project contract may be terminated by the grantee at any time during the contract period by giving 30 days' notice to the contractor. The contractor may terminate a project contract upon 10 days' notice when the grantee or any of its subcontractors fails to comply with the grant award stipulations, standards, or conditions. Within 45 days of the termination, the grantee shall supply the contractor with a financial statement detailing all costs up to the effective date of the termination.
